

We will work collaboratively and respectfully, valuing diversity of opinion and experience in ways that are credible, professional and effective.

To facilitate access to transport that meets the individual's and community's needs thereby enhancing the quality of life.

TDSA Membership

Membership is drawn from a diverse number of people and organisations, all sharing an interest in addressing mobility, access and transport issues, including:

- Community transport providers, staff and volunteers
- Community and domiciliary health workers
- Management committee member
- Community development officers
- Community service organisations
- Local Government mayors & staff
- Seniors and disability groups
- Community care groups
- Volunteer coordinators
- Transport operators
- Transport planners
- Social planners
- Carers

The Management Committee comprises the Executive and a representative from Queensland's six regions (Northern, Central, North Western, South Western, Wide Bay Burnett, South East.)

TDSA

Helping YOU
to address
unmet transport
needs

Bringing Queenslanders together

**To develop responses to the
community's needs for
transport, access and mobility**

We are a state-wide, non-profit, community based organisation committed to supporting & facilitating a collaborative response to improved transport access.

Why does TDSA exist?

Transport is a fundamental need of all people.

And yet, in every community, there are individuals and groups whose quality of life is diminished because they cannot access suitable and affordable alternatives to the private motor vehicle and mainstream public transport.

Developing and implementing sustainable transport solutions at the local or community level is essential to closing the gaps in the transport system that give rise to this situation.

To successfully work on solutions to unmet transport needs in a community requires access and support from others who have the knowledge, skills and most importantly experience in doing this work – TDSA can provide that support to you.

Our goals

Education & Resources

To develop and provide quality training and resources that are effective and practical.

Policy/Research

To inform transport, access and mobility planning and decision-making.

Transport Development

To equip communities to respond to unmet transport needs.

TDSA through its broad-ranging expertise can provide the following services.
