Building Better Boards through practical governance solutions and tools

CSA provides expertise in the creation and delivery of Corporate Governance, Strategy and Identity for all sectors of government, industry and business throughout Australia and overseas.

CSA delivers practical tools, analysis and solutions for;

- Board governance
- Viability and sustainability reviews
- Strategic planning and risk management
- Business Process auditing
- Market branding

resulting in business growth and evolution through stronger board and company leadership.

Linda Hayes – CSA Managing Director GAICD, AMAMI

Strategist, business and marketing
Analyst, board and organizational viability
Process Auditor, organisational business processes
Change Manager, organisation and cultural change

With over 17 years experience in marketing and business strategy, Linda has worked across a vast range of industry sectors to deliver business growth through tactical solutions and strategies.

Her skills have been recently transferred to Board level where she believes that better strategic planning is a critical factor in better board governance.
